Governor of Illinois

MARTIN G. BOLT
Late Director, Mines and Minerals

IN MEMORIAM

Martin G. Bolt was born in Iron Ridge, Dodge County, Wisconsin, September 23, 1871, died at Springfield, Illinois, June 23, 1925. He was the son of William Weeks Bolt and Mary Jane O'Connor Bolt. When three years old his parents moved to Oglesby, Illinois, where, at the age of twelve, he began working in the mines. In 1890 the family removed to Ladd, where Mr. Bolt resided until he came to Springfield in April, 1907.

While living in Ladd Mr. Bolt attended night school and received a teacher's certificate and taught school for two years in Springvalley. December 27, 1898 he was married to Amy Izatt of Ladd, of this union two children were born, William Weeks Bolt and Martha Bolt, the latter passing away at the age of five years. Mr. Bolt is survived by his widow, one son, two brothers, Rev. William W. Bolt of Eau Claire, Wisconsin, and E. L. Bolt of Danville, Illinois, three sisters, Mrs. Bessie Cochran of Utica, Illinois, Mrs. Mabel Plynn of Peru, and Miss Amy H. Bolt of Peoria.

In April 1907 Governor Deneen appointed Mr. Bolt secretary of the State Mining Board, which position and that of Chief Clerk he filled with a brief intermission until the Department of Mines and Minerals was organized in 1917, when he became Assistant Director by appointment of Governor Lowden. This position he held until December 1, 1923, when Governor Small appointed him Director to fill a vacancy and reappointed him for the full term, the appointment being confirmed by the Senate a few days before his death.

Mr. Bolt was a member of several fraternal and benevolent organizations. He was Past Grand Chief Ranger of the Grand Court of Illinois of the Foresters of America, a member of the Dalzell Lodge A. F. and A. M., Springvalley, Illinois, a member of the Elks Lodge at Springfield, and of Navarre Lodge K. of P. at Springfield, and the I. O. O. F. at Ladd.

Mr. Bolt was an earnest, devout christian gentleman and his acts of kindness, deeds of charity and christian conduct in the affairs of life will be attested by all who knew him. For fifteen years he was a member of the Reorganized Church of Latter Day Saints and his church as well as his host of friends will sadly miss his kindly influence.

Interment took place at Berean Cemetery, Ladd, Rev. John W. Rushton officiating.

FROM THE GOVERNOR

Long, honorable and efficient service marked the career of Martin G. Bolt as employee and official of the State Mining Department. First, as Chief Clerk and Secretary of the Mining Board, and later as Assistant Director and Director of the Department of Mines and Minerals, he displayed a high order of executive ability, and his thorough knowledge of coal mining in all its phases enabled him to bestow upon the great industry under his supervision the highest type of service in the interest of the people of Illinois.

LEN SMALL, Governor of Illinois.

FROM THE DIRECTORS

MARTIN G. BOLT, as he was known by his associate Directors and Assistant Directors of the various Departments of the State Government, impressed all as one who was interested in the welfare of those with whom he came in contact.

From early youth until his official duties as Director of the State Department of Mines and Minerals were terminated by death on June 23, 1925, his energy and efforts were constantly expended along the line of service to the people and the unions with which he was associated. In early life he learned the viewpoint of the miners and the principals of the miners' organizations by actual contact with them in the mining industry. First-hand knowledge he obtained as a boy of twelve while working with his father in the mines. His two terms as teacher in the schools in the mining town of Ladd; his duties as Sub-district Secretary-Treasurer of the United Mine Workers of America, and as Secretary and Chief Clerk of the State Mining Board, formed the well laid foundation which enabled him to serve his people of the mining industry in a most efficient manner as Director of the State Department of Mines and Minerals.

His quiet, congenial manner endeared him to his associates in public and private life, and his official acts were based upon the fundamental principles which he learned by his associations with the church of which he was an active member.

We, who as Directors and Assistant Directors of the various Departments of this State, have been brought in close relationship with him during the past years, realize the loss which has been sustained in his death. We valued his friendship, and to the surviving members of his family we tender our sincere sympathy.

FORTY-FOURTH ANNUAL COAL REPORT OF ILLINOIS.

INTRODUCTORY.

The forty-fourth annual report of the coal industry of Illinois is herewith presented, and is along the same general lines as those which have preceded it. A few new tables have been added where it was thought they would furnish desirable information.

The report shows a reduction in the number of mines operated, men employed and output, due in large part to market conditions. This reduction, shown in percentages for shipping mines is, mines 24.5%, men 18.7%, tons 8.5%. Each of the inspection districts had a reduced number of mines, men and tons, except the 10th where an increase of 1,065,111 tons was produced.

There were 123 fatal accidents reported for the year, but of this number six could not, in justice, be charged against the production of coal as two of them occurred in mines that have not been in operation at any time during the year and these men were employed to care for the property. Four men were killed in small local mines which did not report any production. This leaves the fatalities for the year at 117, the lowest number of any year since 1902. The tons produced and the number of men employed to one man killed is higher than for any year in the history of the coal industry of the State.

The non-fatal accidents number 3352, a reduction from last year of 543, or 13.94%. While this reduction of injuries is pleasing yet the number is entirely too high and can be reduced when all parties concerned go about their daily duties with proper caution.

A comparative statement is here presented to which attention is called as it shows in detail a comparison of the main features of this report with that of last year.

Following this statement will be found the various tables.

Mines Not Operated

The following mines were not operated the past year:
LaSalle County Carbon Coal Company's No. 5 mine.
B. F. Berry Coal Company and St. Paul Coal Company's No. 1 mine.

The Fairburry Coal Company and Pontiac Coal Company operated as local mines.

Change of Name

Leland Coal Company to Verona Coal Company.

Fatal Accidents

July 7, 1924, George Burgos, mine manager, age 35 years, single, operator of Burgos local mine, was suffocated by fumes from a gasoline engine.

December 4, 1924, Joe Braghim, miner, age 61 years, married, employed in Chicago, Wilmington and Franklin Coal Company's No. 3 mine, died from injuries received three days previous by a fall of coal. He leaves a widow.

December 22, 1924, William Baraks, miner, age 50 years, married, was killed by a fall of rock in Valley View Coal Company's mine. He leaves a widow and one child.

December 27, 1924, John Rasko, shot firer, age 25 years, married, died from effects of breathing gases, caused from a windy shot which he had fired on December 12, in Shuler Coal Mining Company's mine. He leaves a widow, one child and four other dependents.

February 3, 1925, William Bell, miner, age 58 years, single, died from injuries received six days earlier in Hennanville Coal Company's mine. Deceased was preparing a shot, the cartridge stuck in the hole and in trying to force it back it exploded resulting in his death.

February 8, 1925, William A. Reehl, miner, age 68 years, married, died from injuries received February 3, by a fall of coal in Hennanville Coal Company's mine. He leaves a widow.

Respectfully submitted,
Peter Faletti, *Inspector*

Mines Not in Operation

The following mines were not operated during the year:

Crescent Coal Company's No. 2 mine, Central West Coal Company, Regal Coal Company and Tazewell Coal Company. David Grant Coal Company operated as a local mine.

Change of Name

Crescent Coal Company No. 4 to Glasford Coal Co.

Minonk Coal Company to W. G. Sutton.

Roanoke Coal Co. to J. T. Barron Co.

Fatal Accidents

August 27, 1924, Charles Ranney, laborer, age 19 years, single, employed at Groveland Coal Company's mine No. 2, was killed. Deceased was helping to raise a concrete mixer by placing blocks as other men did the lifting, when the mixer fell over on him.

October 1, 1924, Ray Waddell, laborer, age 33 years, married, was struck by a cage and killed in Groveland Coal Company's mine No. 2. He leaves a widow.

November 10, 1924, Alexsendra Seputis, miner, age 50 years, married, was killed in Groveland Coal Company's No. 2 mine by a fall of slate. He leaves a widow.

December 6, 1924, George Cornell, pumpman, age 58 years, married, died from injuries received in Groveland Coal Company's No. 2 mine. On March 30, 1924, deceased fell on a pump causing an abscess to form on his liver. He leaves a widow and four children.

January 7, 1925, Peter J. Goetz, miner, age 65 years, married, died from injuries received in Crescent Coal Company No. 1 mine, by being struck by a pit car. He leaves a widow.

January 14, 1925, William Jones, mine examiner, age 44 years, married, was killed by a fall of roof in Hanna City Coal Mining Company's mine. He leaves a widow and three children.

March 7, 1925, Frank Whreal, miner, age 62 years, married, was killed by falling coal in the David Grant mine. He leaves a widow.

March 15, 1925, Richard Blankenship, miner, age 57 years, died from injuries received October 20, in the John H. Pearson mine, by falling slate. He leaves a widow.

May 25, 1925, John Jordon, driver, age 40 years, single, was killed in Crescent Coal Company's mine No. 1. Deceased was driving and his mule turned out to one side, at the same time he jumped and was struck in the stomach by the singletree, causing a hemmorage from which he bled to death.

Respectfully submitted.

Wm. E. Kidd, *Inspector.*

Abandoned Mines

The No. 6 mine of the Alden Coal Company and the Monmouth Coal Company's mine have been abandoned.

Mines Not Operated

The No. 8 mine, Alden Coal Company, was not operated and the Big Six Coal Company's mine was operated as a local mine.

Change of Name

Ellisville Coal Company to Spoon River Coal Company.

Fatal Accidents

September 22, 1924, Louis A. Rollin, miner, age 65 years, married, was killed by a boulder falling, striking his head and crushing his skull in Canton Coal Company's mine. He leaves a widow.

Respectfully submitted,

Thomas P. Back, *Inspector.*

Closed Mines

The following mines have been closed all the year:

Consolidated Coal Company's mine No. 14, Perry Coal Company's Kimberley, Royal Colliery Company, Standard Oil Company's No. 1, Superior Coal Company's mine No. 2, Indiana and Illinois Coal Corporation Nos. 11 and 15, and the Cosgrove Meehan Coal Company's No. 6 mine.

Change of Name

Bartels Coal Co. to South Mine Coal Company.
Shoal Creek Coal Company to Cosgrove-Meehan No. 5.

Fatal Accidents

August 15, 1924, William Jones, triprider, age 30 years, married, was killed by a fall of rock in Indiana and Illinois Coal Corporation's No. 10 mine. He leaves a widow and two children.

August 23, 1924, George Fullerton, machine man, age 42 years, married, was instantly killed in Illinois Coal Corporation's No. 10 mine. Deceased in passing around his machine caught his foot in the cutting chain. He leaves a widow and four children.

November 24, 1924, L. Catalinar, miner, age 35 years, married, was killed by a fall of coal in Superior Coal Company's No. 4 mine. He leaves a widow and one child.

December 3, 1924, Charles Gunn, triprider, age 20 years, single, was run over by motor and killed in Cosgrove-Meehan Coal Company's No. 5 mine.

December 22, 1924, John Taylor, motorman, age 24 years, married, was killed in Indiana and Illinois Coal Corporation's No. 10 mine by a motor. He leaves a widow and two children.

January 7, 1925, Artie Martin, miner, age 38 years, married, was killed by a falling bar in Superior Coal Company's No. 1 mine. He leaves a widow.

January 15, 1925, Melvin Fries, triprider, age 23 years, single, was killed by a motor in Indiana and Illinois Coal Corporation's No. 10 mine.

January 21, 1925, Joe Kratzk, miner, age 16 years, single, was killed in Consolidated Coal Company's No. 15 mine. Deceased was working with his father as an apprentice. After finishing the day's work, he was changing his clothes and when he took off his cap the flame from the lamp touched a keg of powder causing an explosion. He was so badly burned that he died that evening.

January 21, 1925, James McLean, face boss, age 42 years, married, was killed by ice falling down the shaft in Indiana and Illinois Coal Corporation's No. 15 mine. He leaves a widow and one child. This mine did not produce any coal during the year and this accident is not included in the tables.

February 9, 1925, Danie Vitachek, miner, age 18 years, single, was killed by a fall of slate in Consolidated Coal Company's No. 7 mine.

April 10, 1925, Peter Raffia, miner, age 43 years, married, was killed in Cosgrove-Meehan Coal Company's mine No. 5 by a fall of coal. He leaves a widow and seven children.

June 12, 1925, Glen D. Savage, miner, age 30 years, married, was killed in Standard Oil Company's No. 2 mine. Deceased it is supposed came in contact with the trolley wire and electrocuted. He leaves a widow and one child.

Respectfully submitted,

John G. Millhouse, *Inspector.*

Closed Mines

Illinois Power and Light Company and Lumaghi Coal Company's No. 3 mine were not operated during the year.

Abbey Coal Corporation's mine and Bunker Hill Coal Company's mine operated as local mines.

Fatal Accidents

October 30, 1924, Omar McDonald, miner, age 54 years, married, was killed by a fall of rock in Moro Coal Company's mine. He leaves a widow.

November 3, 1924, Anton Vercelli, miner, age 48 years, married, was killed in Donk Brothers' No. 4 mine. Deceased was struck by a prop which had been knocked out by a fall of coal and slate. He leaves a widow and two children.

November 24, 1924, Robert E. May, miner, age 28 years, married, was killed by a fall of coal in Pocahontas Mining Company's mine. He leaves a widow and four children.

December 10, 1924, David Williams, Jr., miner, age 27 years, was caught between the rib and a pit car and killed in Lumaghi Coal Company's No. 2 mine. He leaves a widow and one child.

December 23, 1924, John Gronemeyer, motorman, age 28 years, married, was killed in Donk Brothers Coal and Coke Company's No. 4 mine, by being run over by the motor he was driving. He leaves a widow.

December 25, 1924, Henry Holtgrebe, machine man, age 49 years, married, died from injuries received the day before in Madison Coal Corporation's No. 2 mine. Deceased was struck by a jack pipe and knocked on to the cutter bar tearing his arm off at the shoulder. He leaves a widow and three children.

April 6, 1925, Charles Dunbach, miner, age 68 years, married, was killed by a fall of coal in New Staunton Coal Company's mine. He leaves a widow.

May 25, 1925, Hillery Daniel, miner, age 26 years, married, came in contact with the trolley wire and was electrocuted in Lumaghi Coal Company's No. 2 mine. He leaves a widow and two children.

Respectfully submitted.

Henry D. Thompson, *Inspector.*

Mines Closed

C. W. and F. Coal Company's mine No. 2, Benton; Old Ben Coal Corporation's mines Nos. 15, 16, and 17; Southern Gem Coal Corporation's mines 1 and 2 were closed down all the year.

Peabody Coal Company's mine No. 18 changed to Industrial Coal Company No. 18.

Tornado

The tornado which visited Southern Illinois on March 18th, 1925, inflicted a great amount of damage to the mines in the vicinity of West Frankfort. In addition to the damage done to mine property three employes of the Industrial Coal Company at mine No. 18 were killed. Charles Deaton was unloading powder when the storm struck and he was instantly killed. W. B. Norris was at work in the blacksmith shop. The tornado tore the shop down killing him instantly. Elijah Stagner was in the tipple picking rock out of the coal when the tornado tore the tipple down injuring him so severely that he died three days later.

The amount of damages done by the tornado to the mines is estimated as follows:

Industrial Coal Company mine No. 18, all buildings and tipple blown away, $200,000.

Industrial Coal Co., mine No. 19, wash-house, blacksmith shop, office building, water tank and feed barn were destroyed, and the engine room, rescreening plant, tipple and mule barn were damaged: $35,000.

C. W. and F. Coal Co., Orient No. 2 mine, the electric sub station, blacksmith shop, coal conveyor, and water tank were destroyed, and the windows of all buildings were blown out and otherwise damaged: $150,000.

Mines Closed

The following mines have been closed all the year: Turns Coal Company, O'Gara Coal Company mines No. 8 and 11, Saline County Coal Corporation's Nos. 5 and 6 mines, and the Southern Counties Coal Company. The Dodds Coal Company's mine did not report in time to tabulate.

Change of Names

Hickory Hill Coal Co. to Saline Creek Coal Co., Saline Gas Coal Company to Harrisburg Coal Mining Company No. 3, White County Mining Company to Interstate Fuel and Power Company.

Fatal Accidents

September 5, 1924, Robert Bradstock, laborer, age 63 years, married, was run over by pit cars and killed in Saline County Coal Company's No. 7 mine. He leaves a widow.

September 9, 1924, Thomas Johnson, miner, age 67 years, married, was killed in Saline County Coal Company's No. 3 mine by a fall of coal. He leaves a widow.

October 25, 1924, Bart Hambright, laborer, age 50 years, married, was killed by coming in contact with an electric wire in Dering Coal Company's mine. He leaves a widow and one child.

December 17, 1924, James Cathcart, trackman, age 21 years, single, was killed by falling rock in Saline County Coal Company's No. 3 mine.

December 31, 1924, George Jenkins, miner, age 63 years, married, was killed by a fall of slate in O'Gara Coal Company's No. 3 mine. He leaves a widow and one child.

January 3, 1925, Walter Ellsworth, machine man, age 42 years, married, was electrocuted by coming in contact with a trolley wire in O'Gara Coal Company's No. 12 mine. He leaves a widow.

January 10, 1925, James Powers, miner, age not given, married, was run over by a motor and killed in O'Gara Coal Company's No. 1 mine. He leaves a widow.

January 11, 1925, Ray Quinn, machine man, age 28 years, married, died from injuries received five days previous in Saline County Coal Company's No. 4 mine, by a fall of coal. He leaves a widow and two children.

February 2, 1925, G. W. Gouser, miner, age 54 years, married, was killed in O'Gara Coal Company's No. 1 mine. Deceased was going out on a motor road and stepped into a refuge place to get out of the way of a motor trip. When the motor passed he stepped back on the track and was run over by some cars that had broken loose from the motor trip. He leaves a widow.

February 8, 1925, Miley Doolin, driver, age 32 years, married, died from being struck by a pit car three days earlier in Rhonda Coal Company's mine. He leaves a widow.

Respectfully submitted,

Joseph Haskins, *Inspector.*

REPORT OF MINE RESCUE AND FIRST AID DIVISION

The eighth annual report of the Division of Mine Rescue and First Aid is herewith submitted, and is for the year ended June 30, 1925. In addition to the calls for service as listed below, members of the various teams were called to render first aid in a great number of cases, and no doubt many lives were saved and much suffering alleviated by their timely assistance.

Calls for assistance were received by the Stations as follows: There were no calls for help from the LaSalle station during the year from any mine, but an incident where First Aid was rendered by this team is of particular interest. On August 31, 1924, the team was traveling by automobile to Gillespie to participate in first aid contest. Before reaching Springfield they came to an auto that had skidded into a ditch and turned over. The occupants of the car, two men and two women, were suffering very much from the shock and one of the ladies was injured internally, the other had a collar bone broken, while the men had fractured ribs. The team rendered first aid to all and then took them to a Springfield hospital.

Springfield Station.—But one call for help was received and that was from Peabody Coal Company's No. 53 mine, stating that a windy shot had occurred and that one of the shot firers was missing. The call came at 8 P. M. and at 8:25 the team was at the mine and ready to go down, when informed that the man had been rescued and was on his way out.

Benton Station.—This station received a call June 25 from Illinois Coal Corporation at Nason for a pulmotor. The team responded but to no purpose as the man had died instantly from the electric shock. This is the only call received this year.

Eldorado Station.—One call for aid was received by this station. This call came from J. K. Dering Coal Company's mine at 3 A. M., October 25, when a man was electrocuted. Artificial respiration was given for about an hour when the doctor pronounced him dead.

Duquoin Station.—This station responded to the following calls: July 31, called to Shakrag mine located five miles west of Duquoin, found two men over come by carbon monoxide gas. Both men were dead.

March 13, a call came from Perry Coal Company, Coulterville, that a fire had broken out in the mine. The mine was sealed.

March 18, called to the Browning Hospital with pulmotor and oxygen to help in caring for the cyclone victims.

Herrin Station.—Calls were received as follows: July 7, called to a case of drowning near Bobby Dick mine.

July 7, called to a slope mine where a father and son had been over come by gasoline fumes.

July 22, a call came from Hampton mine near Herrin to help in locating and rescuing a shot firer who had been over come.

April 30, a call came from Herrin hospital in case of a 14 year old boy who had been electrocuted.

In all the above cases efforts of the team were unsuccessful.

March 18, responded to a call from Murphysboro hospital for first aid material for tornado sufferers.

The number of men trained in Mine Rescue and First Aid methods and the number of women and boys trained in First Aid methods at the several stations is shown in the table below.

NUMBER TRAINED IN

Stations	Mine rescue	First aid			
	Men	Men	Women	Boys	Total
La Salle	5	116	20	7	143
Springfield	73	771	99		870
Benton	146	360	11	6	377
Eldorado	6	96	5		101
Duquoin	4	65	29		94
Herrin	52	139	10	10	159
Total 1925	286	1,547	174	23	1,744
Total 1924	486	1,206	48	186	1,440

This table shows that during the fiscal year 1925, 286 men were trained in mine rescue work and 1,547 men, 174 women and 23 boys under 16 years old received training in first aid methods, making a total of 2,030 persons trained for service at the six stations. This is an increase over last year and shows that the interest in this important work continues unabated.

The Department wishes to acknowledge with thanks the continued cooperation of the Federal Bureau of Mines.

REPORT OF DIVISION OF ECONOMIC INVESTIGATION

Hon. A. D. Lewis, *Director.*

Sir:

The seventh annual report of this division is herewith submitted, and a comparison of the various industries by years since 1920 as shown at the close of table 13, shows that these industries have been fairly active.

During the year three fatal and 202 non fatal accidents occurred to the employes. The account of the fatalities is given as follows:

September 26, 1924, John Ratovich, a laborer at Dolese and Shepard Company's quarry, was killed by being struck by a quarry car. He was a native of Austria, 45 years old and unmarried.

November 29, 1924, Elmer Luther, employed as a pumper at a well of the Ohio Oil Company, in Clark County, opened a stop on the gas line, the gasoline which had accumulated in the line ignited, setting fire to his clothing, burning him so severely that he died the following day. Deceased was 48 years old and leaves a widow and four children.

December 21, 1924, Frank Catalanello, a native of Italy, age 36 years, employed at Alpha Portland Cement Company's plant in LaSalle County, while drilling was struck by a rock, his spine was fractured, resulting in paralysis which caused his death on February 12 at St. Mary's Hospital. He leaves a widow and two children.

The non fatal accidents will be found in table 14.

Respectfully submitted,
W. L. Morgan, *Investigator.*
